You will never walk alone – Get to know our Buddy-Program

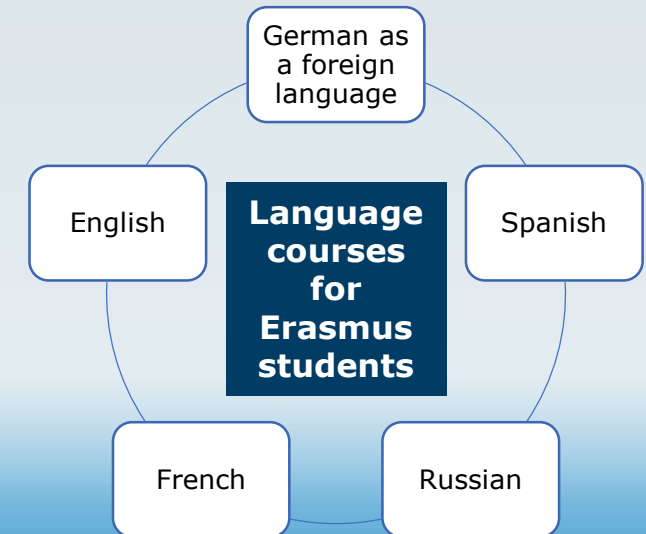

The buddies (students of our university) help with big and small everyday problems, e.g. dealing with authorities, problems in the dorm, etc. They regularly organize cultural events and show people around Merseburg on excursions. At joint cooking and sports evenings, you can quickly make new friends from the group of other international students.

Experiences

"Before participating in the Erasmus+ Exchange Program in Merseburg, I was quite worried about language, school and exams. After one unforgettable year, I can now confidently say that I don't have any regrets about studying in Merseburg. Friendly students, great buddies, professor's friendly attitude, professional student service from the international office and lots of events for students. I'm really grateful for one of the best years of my student life."
